THE THOMAS PHEASANT COLLECTION

THE  
THOMAS PHEASANT  
COLLECTION

Thomas Pheasant brings to Baker a collection of furnishings that exhibits the strong neoclassic influences of his celebrated design vocabulary. Symmetry, restraint and geometric forms grace the exclusive Thomas Pheasant Collection. The collection establishes what he refers to as "bridging the past to the present" - pieces that are born from history and have evolved to meet today's demands. Each piece is designed to stand alone yet versatile enough to harmonize within modern or traditional environments. Strong architectural references combine with classical details and deep toned mahogany veneers, while sculpted upholstery in a wide range of luxurious fabrics accented with accessories, mirrors and lighting complete this recognized signature. The Thomas Pheasant Collection is classic design informed by the simplicity of today's living.
